Senior Programme Manager

Innovate UK

Innovate
UK

Innovate UK

- We are the UK's innovation agency
- We support business-led innovation in all sectors, technologies and UK regions
- A key delivery body of the Government's Innovation Strategy

Our Mission

To help UK businesses grow through the development and commercialisation of new products, processes, and services, supported by an outstanding innovation ecosystem that is agile, inclusive, and easy to navigate.

Inspire

Make the opportunity
visible and compelling

Involve

Bring relevant organisations
and people together

Invest

Convene the resources
needed, including our own

Background to CMDC

The Clean Maritime Demonstration Competition programme is a flagship element of the UK Shipping Office for Reducing Emissions (UK SHORE).

In 2022, the Department for Transport announced a £206 million UK Shipping Office for Reducing Emission (UK SHORE) as part of the 2022 National Shipbuilding Strategy.

UK SHORE will accelerate the design and manufacture of UK-made clean maritime technologies, and unlocking an industry-led transition to Net Zero.

This programme builds on the vision set out in the Department's [Clean Maritime Plan](#) and underlines the UK's commitment to addressing emissions from this sector.

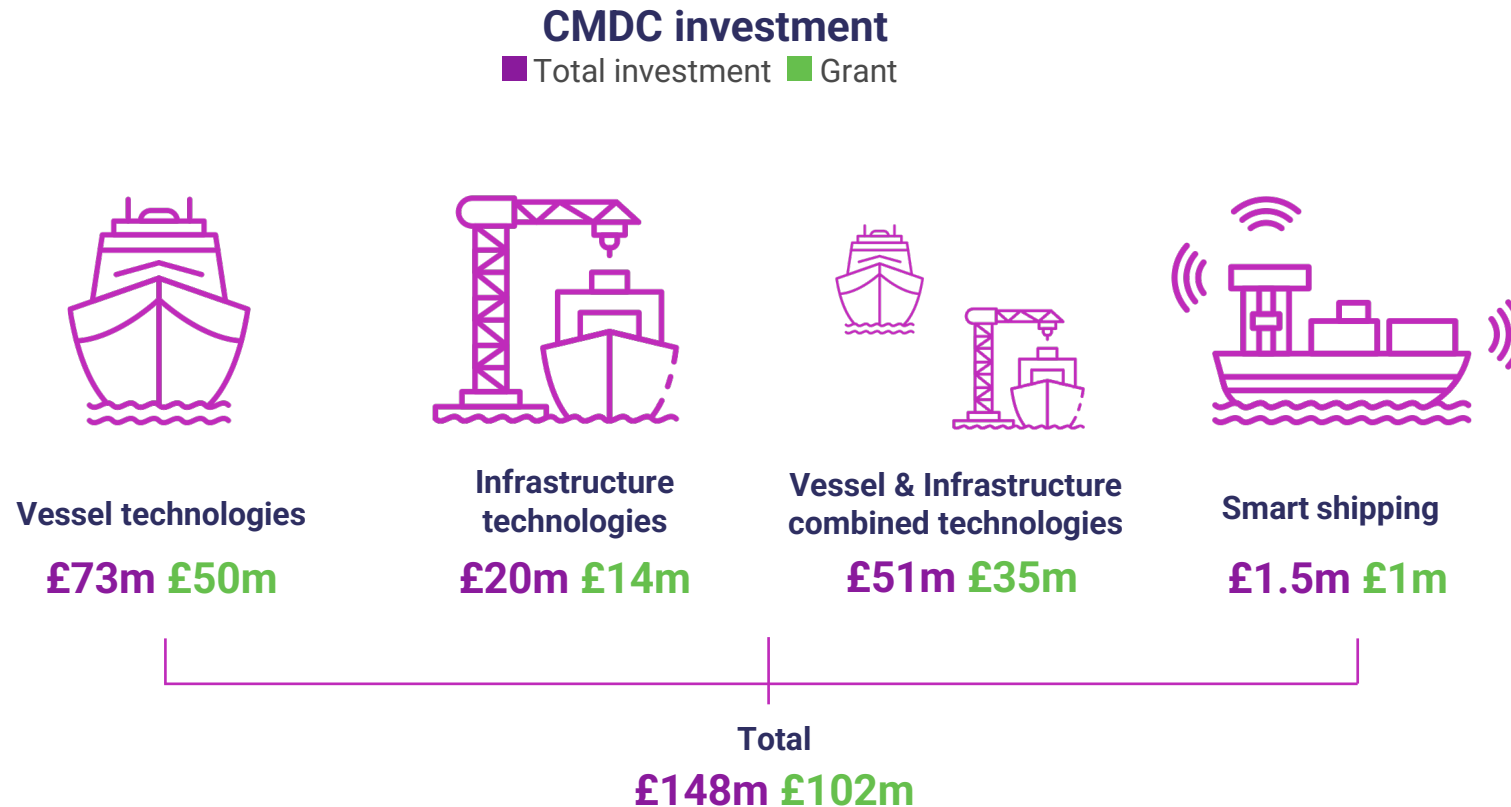

What progress are we making? CMDCs to date:

	CMDC1	CMDC2	CMDC3	Total so far...
Projects funded	55	31	19	105
Total investment of projects	£33m	£20.8m	£90m	£144m
Grant allocated to winners	£23m	£14.9m	£60m	£98m
Companies involved	208	121	93	422
Project length	9 months	8 months	2 years	

All projects awarded funded are listed here: [Multi-year clean maritime demonstration competition - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/competitions-and-tenders/multi-year-clean-maritime-demonstration-competition)
